About Us

Established in 2008 in Malaysia, Asia Safety Door Sdn Bhd has emerged as a leading expert in providing the highest quality safety doors and security doors. We are dedicated to offering our customers top-notch products at competitive prices, along with prompt delivery and reliable services. Our company operates within a 15,000 square foot facility, which includes both processing and production areas. With more than 10 showrooms and numerous dealers, we have built a strong reputation among new and existing customers, contributing to our remarkable success.

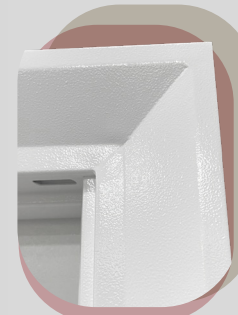

Our Team

Our team of professionals is highly committed to product design, development, production, operation, and management. We combine sophisticated engineering and technical production with attractive designs to provide our customers with the ultimate in security, style, and peace of mind. Each of our safety doors is meticulously designed to protect and eliminate any structural weaknesses.
