

ComfyMESH[®]

Pioneering Perforated-Mesh Security Door

ComfyMESH[®] DOOR STRUCTURE

DOOR STRUCTURE

VENTILATION PANEL

Built-in swing-type ventilation panel allowing natural light and airflow

Compatible with

CHROMA LINING

Color pop pastel style lining adds a lively touch and gives the home a distinctive personality. Pick rich brown for a contrasting look or misty grey for an earthy touch

JOINTLESS SURFACE

Jointless appearance enhances sturdiness and aesthetic.

Sturdy frame withstanding heavy uses, strengthened heavy-duty door hinges

Easy-to-operate multiple-lockpoint premium masterlock

PERFORATED-MESH

JEB's flagship perforated-mesh gives home more privacy by minimizing visibility from the outside while still allowing natural air to flow through. The mesh also blocks out mosquitoes

LOCK UPGRADE OPTIONS

FEATURES

Perforated-mesh

Improving home privacy, allowing natural airflow and blocking mosquitoes.

Anti-Panic Lock Compatible

The ComfyMESH series is compatible with the anti-panic lock optional upgrade.

Jointless surface

A jointless main-built surface. More aesthetic, greater sturdiness.

Optional Double-layer Upgrade

Saving homeowners the hassle of installing a separate main door and door grill. The double-layer security door has both built in one.

2-in-1 GRILL + DOOR

All ComfyMESH series comes by default in single-layer consisting of a set of main door with a ventilation panel.
